That sounds great. I can't think of anything else we'd need to track. Thanks!

I have downloaded all the documents to my computer for now. Let me know where you want me to put everything (Teams, Shared Drive, OneDrive, SharePoint, etc.).

We can change the filenames to numbers and add page numbers once we are happy with the order and certain that we have everything.

I will start indexing the documents with titles/authors and dates next. Those are the fields we typically used in DOJ. Is there any other information you would like me to track in the index?

Kate: Since Melissa's task of locating NHPA-related documents on the NRC electronic hearing docket website will take a while, maybe you can start on our website documents, if Lucita doesn't have another task to do first.

This link takes you to the EPA Region 8 UIC Program website where the 2017 AR is available:  
<https://www.epa.gov/uic/epa-dewey-burdock-class-iii-and-class-v-injection-well-draft-area-permits>

This link takes you to the 2019 AR on the docket:  
<https://beta.regulations.gov/search?filter=dewey-burdock%20class%20iii%20and%20class%20v%20injection%20well>

Rather than deal with the public comments on the docket website, I have attached the pdf that contains all the comments that were submitted to the docket.

Here is the docket website, in case you would like to see it: <https://beta.regulations.gov/search/comment?filter=dewey-burdock%20class%20iii%20and%20class%20v%20injection%20well>

(This is the Comment tab you see on the 2019 AR website.)

I will send a follow-up email about accessing documents on the EPA I drive.

Thanks!
